

FAMILY DAY TRIP AT THE EURO SPACE CENTER

A family day out at the Euro Space Center is sure to be an original and relaxing break. A whole host of activities for your tribe awaits.

Our multi-media visit will thoroughly immerse you in the stars and the story of the conquest of space. Our free exhibitions will teach you tons about space. And as the grand finale, see the Space Show in our 5D cinema.

But you can also try to walk in Neil Armstrong's footsteps by testing our Moonwalk chair, wearing a virtual reality mask. A sensational experience.

Why not round off your visit with a session in the planetarium and discover the mysteries of our Universe?

And then all that is left is to take a stroll in the fresh air with our entirely free trail. A 6-kilometre space walk through woods, a giant solar system, playground, restaurant, and so on. Your trip to the land of space is bound to be an exciting one!
